iate Basic search - Interpreters' view

1 Enter a term/string/ID that you want to search for

2 Select a domain and indicate whether lower levels should be included

3 Choose at least 1 source and 1 target language. You can define the order of the languages displayed in your user preferences. If you are not logged in, you can only select 1 source language.

4 Define more filters for your search (e.g. confidentiality, owner or reliability). Some filters are available under 'Show more'.

5 Launch your search

6 Display your last queries (you can save a query or run it again)

7 Switch between views

8 Set your preference for searches, results and full entry view display options under 'User preferences' (registered users only)

9 Review your search criteria. Click on filters (domains, collections, owners, primarily) to remove them from your search criteria

Search in fields (source): Term ,Term N
(cascading): INTERNATIONAL RELATIONS

10 Download your search results as a table or termbase (internal users only)

11 Add the entry to your bookmarks to retrieve it quickly (registered users only)

♡ LIL

12 Refine your search by primaries, domains, owners, collections (hold CTRL to select several)

Domains:
• LAW

13 Launch a new search for this term. Select the term(s) you want to search for by double-clicking (or long tapping for tablets). The matching type will be set to 'All words' and the other search criteria will remain the same.

14 Click the collection link to display the collection entries in the results page
