- ★ Users connect to IATE from over 190 different countries and territories.
- ★ Around 44 million queries are run in IATE every year.

\* EuroVoc is a multilingual, multidisciplinary thesaurus covering the activities of the EU.

## User-friendliness

The previous two applications (the internal and the public versions) have been merged to facilitate terminology management and consultation. A fully revamped platform awaits users, who will have different access rights according to their profile.

## Responsiveness

Consult IATE on any device – smartphone, tablet or desktop.

## Accessibility

The multilingual database offers everyone equal access to information and functionalities.

## Data exchange

Using the latest technology, the new version of IATE retrieves data from other EU tools (EU legislation repository, EuroVoc domain classification, etc.).
