- Domain filtering across all EuroVoc* domains and descriptors

Results
- Enriched results list
- Flexible display of full entry
- Clear distinction between exact and fuzzy matches

IATE data for download
- Data in TermBase eXchange (.tbx) format
- IATExtract for generating data subsets

Interoperability
- Option to query IATE from other applications (Search API)

And much more...
- Multilingual interface
- General statistics
- Enhanced last queries
- Comprehensive user manual

Key figures at a glance
- With nearly 8 million terms in 1 million entries, IATE is the reference in the terminology field, and is considered to be the largest multilingual terminology database in the world.
- It offers extensive data in the 24 official EU languages, and also Latin.
- Users connect to IATE from over 200 different countries.
- 45 million queries are run in IATE every year.

User-friendliness
The previous two applications (the internal and the public versions) have been merged to facilitate terminology management and consultation. A fully revamped platform awaits users, who will have different access rights according to their profile.

Responsiveness
Consult IATE on any device – smartphone, tablet or desktop.

Accessibility
The multilingual database offers everyone equal access to information and functionalities.

Data exchange
Using the latest technology, the new version of IATE retrieves data from other EU tools (EU legislation repository, EuroVoc domain classification, etc.).

* EuroVoc is a multilingual, multidisciplinary thesaurus covering the activities of the EU.
